Summary

As a self-taught programmer, I have proven ability in self-driven learning and building real-world applications. Coming from a professional healthcare service background, I specialised in building client relationships. My proven ability to thrive in collaborative environments and deliver exceptional results will contribute to my success as a frontend developer. I am currently building a applications with ReactJS, NextJS & Tailwind CSS.

Tech stacks

Gith, Github, VS code

Front-end HTML, CSS, Javascripts, React.js, Node.js, Next.js, SCSS, tailwind CSS
